Sustainable development is the organizing principle for meeting human development goals while at the same time sustaining the ability of natural systems to provide the natural resources and ecosystem services upon which the economy and society depend. The desired result is a state of society where living conditions and resource use continue to meet human needs without undermining the integrity ...

Humility is the quality of being humble. Dictionary definitions accentuate humility as a low self-regard and sense of unworthiness. In a religious context humility can mean a recognition of self in relation to a deity (i.e. God) or deities, and self-debasement with subsequent submission to said deity as a member of that religion. Outside of a religious context, humility is defined as being ...
