A kite is a tethered heavier-than-air craft with wing surfaces that react against the air to create lift and drag. A kite consists of wings, tethers and anchors. Kites often have a bridle and tail to guide the face of the kite so the wind can lift it. Some kite designs don't need a bridle; box kites can have a single attachment point. A kite may have fixed or moving anchors that can balance ...

The Romance of Alexander is a collection of legends concerning the exploits of Alexander the Great. The earliest version is in the Greek language, dating to the 3rd century. Several late manuscripts attribute the work to Alexander's court historian Callisthenes, but the historical person died before Alexander and could not have written a full account of his life.
