How to Find the Right Professional for Your Job Using the ATA directories . The ATA online directories make it easy for you to match your job to a freelancer or language services company.

ATA Online Directories - American Translators Association

A field-programmable gate array (FPGA) is an integrated circuit designed to be configured by a customer or a designer after manufacturing â€” hence the term "field-programmable".The FPGA configuration is generally specified using a hardware description language (HDL), similar to that used for an application-specific integrated circuit (ASIC). Circuit diagrams were previously used to specify ...
