Description : In an age of global terrorism, can the pursuit of security be reconciled with liberal democratic values and legal principles? During its "global war on terrorism," the Bush administration argued that the United States was in a new kind of conflict, one in which peacetime domestic law was irrelevant and international law inapplicable.

Workers' Freedom in an Industrial Age; For a minority of workers, the rapidly expanding industrial system created new forms of freedom. For most workers, economic insecurity remained a basic fact of life. Between 1880 and 1900, an average of 35,000 workers perished each year in factory and mine accidents, the highest rate in the industrial world.
