Karl Schroeder is an award-winning Canadian science fiction author. His novels present far-future speculations on topics such as nanotechnology, terraforming, augmented reality and interstellar travel, and have a deeply philosophical streak.

### **Lockstep by Karl Schroeder - Goodreads**

Oddly enough, my review for Karl Schroeder's Lockstep will be in lockstep with all the others. This is a fascinating book. It is the kind of novel that got me reading science fiction long ago, when you could pick up paperbacks at the drugstore for \$1.95.

### **Amazon.com: Lockstep: A Novel eBook: Karl Schroeder**

The universe that Mr Schroeder has developed here is original and fascinating - sufficiently, in fact, for me to gut through the most disinterested and perfunctory "performance" I've encountered yet. It helps, of course, that this is a very short commitment.
