Magic is a category in Western culture into which have been placed various beliefs and practices considered separate from both religion and science. Historically, the term often had pejorative connotations, with things labelled magical perceived as being primitive, foreign, and Other. The concept has been adopted by scholars in the study of religion and the social sciences, who have proposed ...

Magic Items and Detect Magic. When detect magic identifies a magic itemâ€™s school of magic, this information refers to the school of the spell placed within the potion, scroll, or wand, or the prerequisite given for the item. The description of each item provides its aura strength and the school to which it belongs. If more than one spell is given as a prerequisite, use the highest-level spell.
