certification.

Cisco CCNA v3.0 (200-125) Study Guide – Exam Dumps VCE+PDF

In computing, a core dump, crash dump, memory dump, or system dump consists of the recorded state of the working memory of a computer program at a specific time, generally when the program has crashed or otherwise terminated abnormally. In practice, other key pieces of program state are usually dumped at the same time, including the processor registers, which may include the program counter ...

File sharing on developerWorks lets you exchange information and ideas with your peers without sending large files through email. You can browse public files, files associated with a particular community, and files that have been shared with you. You can upload files of your own and specify who may view those files. You can also pin files to keep them handy.

In computing, a log file is a file that records either events that occur in an operating system or other software runs, or messages between different users of a communication software. [citation needed] Logging is the act of keeping a log.In the simplest case, messages are written to a single log file. A transaction log is a file (i.e., log) of the communications (i.e., transactions) between a ...
