

the global century globalization pdf

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. Globalization has grown due to advances in transportation and communication technology. With increased global interactions comes the growth of international trade, ideas, and culture. Globalization is primarily an economic process of interaction and integration that's ...

Globalization - Wikipedia

Economic globalization is one of the three main dimensions of globalization commonly found in academic literature, with the 2 others being political globalization and cultural globalization, as well as the general term of globalization. Economic globalization refers to the widespread international movement of goods, capital, services, technology and information.

Economic globalization - Wikipedia

This part of the globalissues.org web site looks into the issue of racism. In some places around the world, racial hatred is increasing. Many modern conflicts also have some roots in ethnicity.
