Mystic Handbook (V3) Green: This is one of the best options available. You should seriously consider working it into any character you plan on building. Blue: A very solid option or ability, better than average and likely to see use regularly. Black: No better or no worse than most other options out there. Not likely to vastly improve your character, but still useful.

HPVs are divided into three main groups: cutaneous, mucocutaneous and those associated with the rare autosomal recessive disorder, epidermodysplasia verruciformis (EV). The cutaneous HPVs belong to the beta genus with a few members in the gamma, mu and nu genera, while the alpha genus contains all of the mucosal HPVs and a few cutaneous types (Bernard et al., 2010).
